RE: Hk-UMP sub-guns

The HK-UMP sub-gun is the current weapon of choice among S.W.A.T. teams in the United States. Since the creation of the Davie S.R.T. we have used HK sub-guns and have trained officers in there proper use. The continued purchase of these weapons will allow officers to continue to provide service without interruption for special training or orientation on a different weapon. These weapons have been effective and extremely dependable throughout my 14 years with the Davie S.R.T.
